BECOME AN INDUSTRY ADVISORY COMMITTEE MEMBER

Industry Advisory Committee members are integral to the success of Bondo Technical Training Institute's students. Join the committee and become a dynamic member of the institution's community.

ABOUT US

Bondo Technical Training Institute (Bondo TTI) was established by the Government of Kenya in 2015. The College operates under the TVET Act (2013) of the laws of Kenya, together with other statutory and regulatory provisions, including the KNEC Act (2012), the KNQA Act (2015), and Policy Framework for Education (2012) and the Constitution of Kenya (2010).

Bondo TTI currently offers 12 different courses at the Artisan, Craft Certificate and Diploma levels examined by KNEC. Grade Tests are examined by NITA and various levels of CBET courses are examined by CDACC. The Training programs provide relevant skills enabling the trainees to rise in status and responsibilities within their organizations or become job creators. The courses are market-driven, tailored to meet the demands of the public and private sectors of the economy as part of the Big Four Agenda and contribute to Kenya's Vision.

STRATEGIC OBJECTIVES

Our strategic objectives or broad goals are:

- » To strengthen organizational systems for effective delivery in science, technology and innovation
- » To strengthen mobilization and management of resources
- » To promote science, technology and innovation
- » To ensure human capacity development
- » To improve corporate image

CORE MANDATE

The Mandate of Bondo Technical Training Institute is to offer Technical and Vocational Education and Training up to diploma level as provided in the TVET Act 2013.

STRENGTHS

Since its inception, Bondo TTI has endeavoured to pride herself on many accomplishments and progressive milestones made in the following areas:

- » Gender mainstreaming
- » Innovation
- » Excellent performance
- » Conducive learning environment
- » Local and international collaboration
- » Strategic location and security
- » Co-curricular activities

ABOUT INDUSTRY ADVISORY COMMITTEE

The Industry Advisory Committee will help Bondo TTI create dynamic academic courses in the region by keeping up with the trends and needs of the industry and community.

Members interact and consult with stakeholders in their fields to help ensure courses remain current and relevant to the industry needs and employment sectors.

Each Industry Advisory Committee will select a Chair who serves for a two-year term (renewable once) as a facilitator and leader at committee meetings. The Chair may also represent the committee at Bondo TTI functions such as convocation and award ceremonies.

ROLE OF THE INDUSTRY ADVISORY COMMITTEE

Industry Advisory Committees are vital to education planning at Bondo TTI. The committees advise on a broad range of topics such as:

- >> Industry mentorship experiences and field placement
- >> Employee prospects
- >> Student awards
- >> Public relations
- >> Curriculum development and revision
- >> Technology trends

Committee members must attend and participate in meetings and may be involved in subcommittee activities and projects. Committee members participate in agenda-setting and evaluation meetings.

FREQUENTLY ASKED QUESTIONS (FAQ)

How can I become a Bondo TTI Industry Advisory Committee member?

Appointments to an Industry Advisory Committee are made by the Bondo TTI Principal on the recommendation of the Bondo TTI Head of Department.

What is the length of service?

The appointment is for three years, with the potential for one extension.

What kind of time commitment is required?

The committee meets twice a year and committee members spend approximately 15 to 20 hours per year on committee involvement.

How often do seats on committees become available?

Most committees allow for some new members to be appointed every year. This ensures the continuity of the committee's activities and the introduction of new perspectives. Membership is reviewed annually to preserve the vitality of the committee.
